Mockup of Extended Credit Union
information made by Nealon Hager

From Login Screeen

List of Credit Unions

After the user has successfully logged into the website they will be show a list of credit unions that are in the 'cuinfo' table of the database. Each row will display the Credit Union, Vendor, CU Name, State, Server, Odyssey Status, and Type.

Clicking on a Credit Union

Clicking on a Credit Union in the list will display additional information about the CU. The information will be shown in a Pop-up. In the pop-up there will be a menu with actions that can be done with the currently selected credit union (Add a note, create a loan app, view contracts, e.t.c)

Additional Features

From this page the user will be able to access a page in which they will have access to manage the users in the 'monitorusers' table of the DB
